

TEACHING FOR SUCCESS

Framework for teachers

The British Council's Continuing Professional Development (CPD) Framework for teachers enables them to understand and plan their own professional development. It consists of 12 professional practices, but for Aliados 10 - Inglés we have prioritised 5 according to the identified needs.

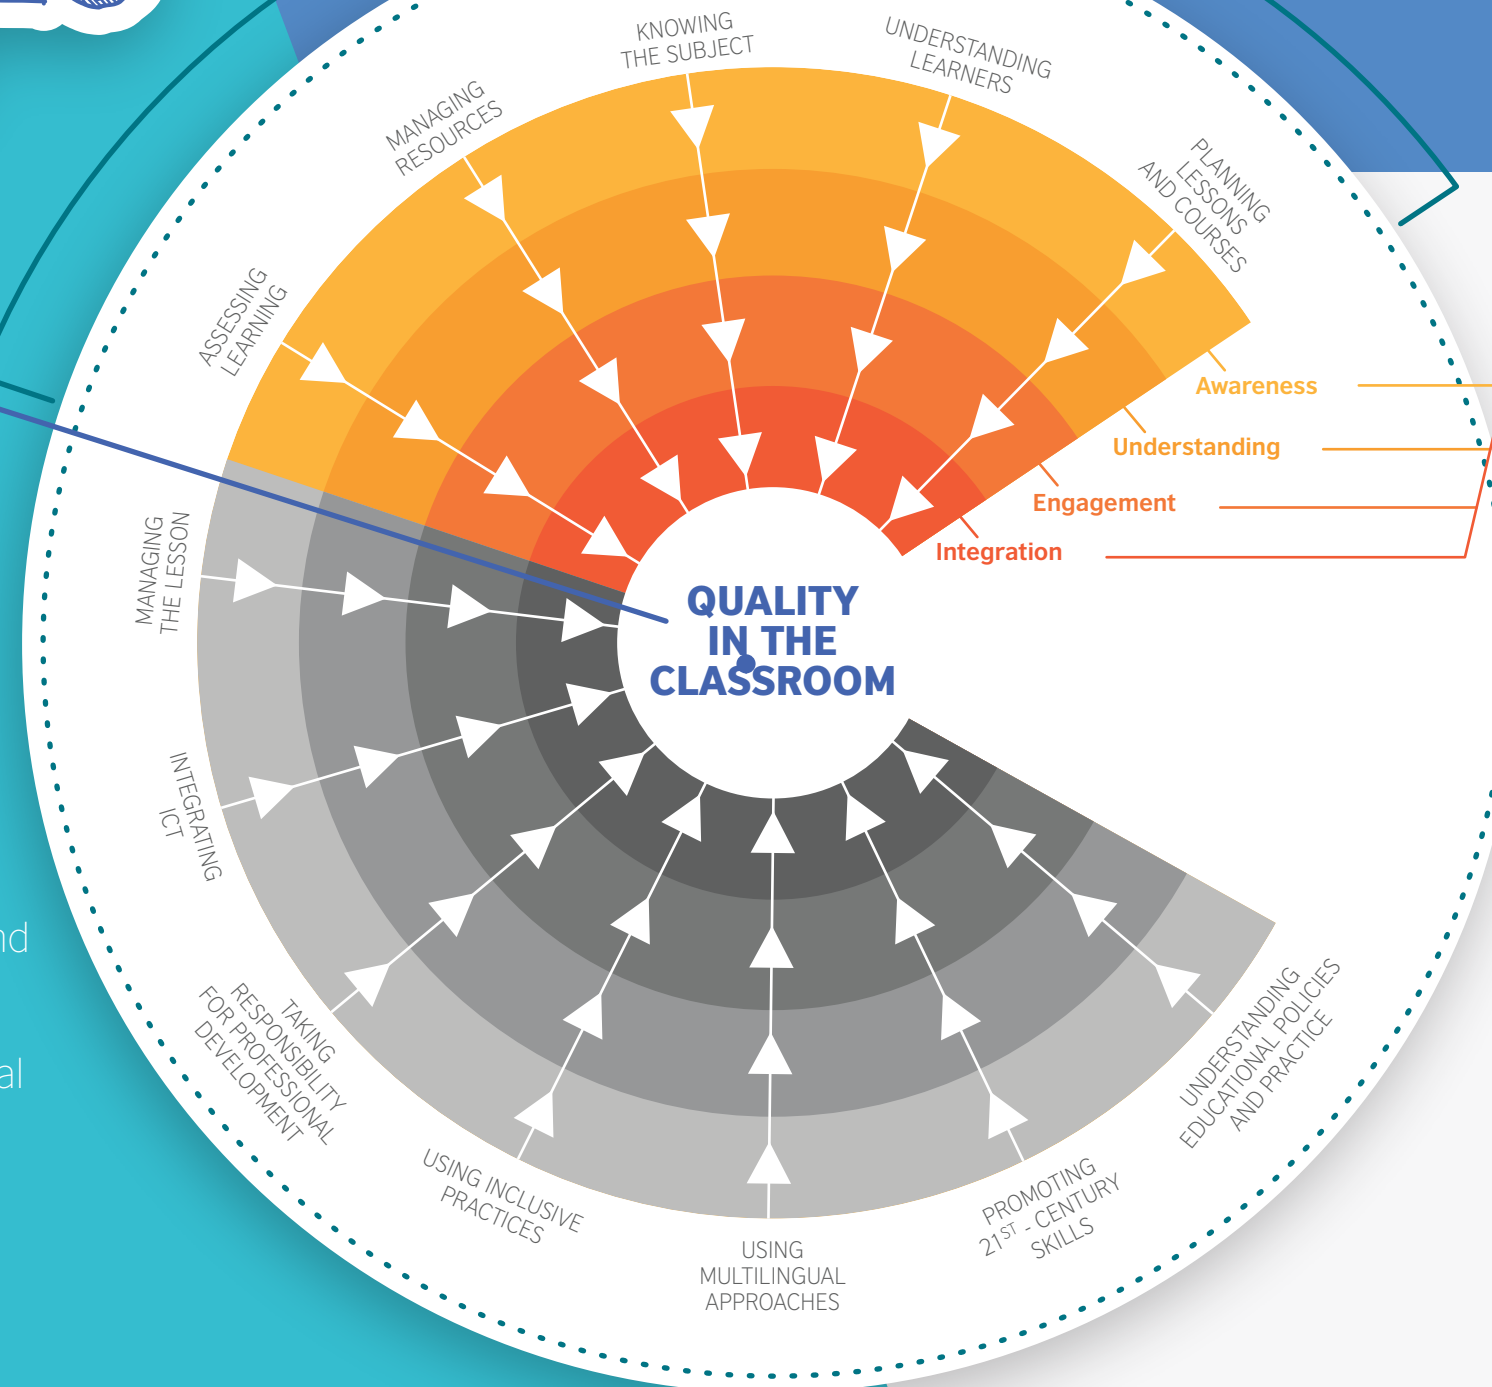

PROFESSIONAL PRACTICES

Practices that represent the knowledge and skills teachers need.

QUALITY IN THE CLASSROOM

Everything we do is focused on successful learning outcomes. Quality in the classroom means that learners will have teachers who:

- Command a deeper knowledge of teaching and learning.
- Practise improved teaching skills.
- Demonstrate increased motivation and innovation in their teaching.
- Carry out their own active professional learning.
- Prioritise inclusive practices to give every learner the best chance.
- Demand more and achieve more with their learners.

STAGES OF DEVELOPMENT

Teachers' knowledge and skills in each professional practice is shown through four stages of development:

Awareness

You have heard of this professional practice.

Understanding

You know what the professional practice means and why it's important.

Engagement

You demonstrate competency in this professional practice at work.

Integration

You demonstrate a high level of competency in this professional practice and this consistently informs what you do at work.
